Circle One met at the home of Mrs. Paul Ketterman, Steinwehr avenue, with Mrs. Levi Spangler, co-hostess. Mrs. James L. Hafer, chairman of the circle, presided. Mrs. Hugh C. McHenry was in charge of devotions. Plans were announced for a picnic covered dish supper at the home of Mrs. McHenry, Gettysburg R. 4, on June 10. Members of Circle 2 with Mrs. Maxwell Buckler, chairman, presiding, met at the church and made plans for ladies at the Presbyterian home at Newville. lay. And vaccinations should be given each chick separately. Wiley said that the individual vaccination provides better protection than group vaccination of a flock by means of inhalation.

C. O. Dossin, State College specialist, spoke mostly on the construction of chicken houses. The winds over the week-end in Adams county stressed the need to make sure that roofs are tightly tied into concrete block and stone structures. Dossin added, while most roofs stay put, as long as the pressure is all downward, the wind lifts up and it found many of the roofs not very tightly bound to their concrete block walls. Dossin discussed construction of four or six inch "dead air space" between floors of a multi-storied chicken house. If such a dead air space is not present, he said, the moist heat from the first floor will rise against the second and cause wet litter in the second floor.

May 28 was named as the date for the next poultrymen's meeting at the court house.

President Roy Heckenhuber, who presided, urged the members to attend a field day and convention of the Pennsylvania Poultry Federation to be held at State College June 18 and 19. Reservations for the banquet are to be made through Mrs. Walter Shearer, Sinking Springs. Cost of the banquet on June 18 at State College will be \$3.50. Plans were discussed for a busload of Adams county poultrymen to attend the State College two-day event.

Recreation Board

(Continued from Page 1)

the school directors of the borough of Gettysburg have made such splendid progress in the last few years in spite of the handicap of the dead weight of reaction and stagnation, lethargic direction, that a useful purpose would be served.

"Out of discussion may emerge the answer to many problems which have handicapped our efforts, however futile, to perform some service for our local people."

The public meeting in the court house was suggested first by Mr. Brown. "I would welcome a meeting of the kind," he said. "Let's get it on."

"Bad Example" Since the invitation came from the school board, it has been designated that it should be held at the place designated by the latter in discussing such a joint meeting. Mr. Brown said. This recreation board has no apologies to make. Mrs. P. says said differences should be worked out, that the situation is a bad example to the young people.

Mr. Knox said he would like to know what was not stated in the report that the school board is disgraced by the recreation board and all the other people are getting to know what is becoming of the money they give to the Community Chest for the recreation association," he said.

Recreation Board Proposes To Rewrite Its Constitution; Will Meet School Board On April 15

Directors of the Gettysburg Recreation association, at a special meeting Tuesday night called to approve the appointment of a nominating committee, voted instead to revamp its constitution and bylaws before calling an annual association meeting for the election of four directors.

The board also accepted the invitation of the school board for a joint meeting at the high school on April 15, after first considering the suggestion that a public meeting be held in the court house. Tuesday night's meeting was held in the law offices of Swope, Brown and Swope, with the president of the board, Attorney Richard A. Brown, presiding.

All members of the board were present, including President Brown, John D. Teeter, George D. March, Glenn L. Bream, Mrs. Henrietta Blocher, Mrs. Erma Poppay, Richard S. Codori, William E. (Johnny) Knox and Daniel J. Wolf.

Four Terms Expire

Directors whose terms expire are Mr. Teeter, Mr. Knox, Mr. Codori and Mrs. Blocher. According to the present constitution and bylaws, Mr. Brown pointed out at the board meeting, the annual meeting shall be held the fourth Wednesday in April, with a nominating committee appointed by the president, subject to the approval of the board, at least ten days prior to this meeting. Members of the nominating committee cannot be members of the board of directors, Mr. Brown said.

In discussing the annual meeting, Mr. Brown queried: "Who are members of the recreation association?" Originally, he said, the membership fee was \$1. Several directors admitted that they had paid this contribution only once. However, a few years ago, the recreation association became part of the Community Chest.

\$1 Membership Fee

The constitution still provides for the payment of \$1 as membership in the association, even though, according to opinions expressed by directors, a contribution to the Community Chest could be construed as a contribution to the recreation association and in effect a membership fee in the latter.

"Wouldn't it be better, before having an annual meeting, to have the constitution changed?" Mr. Brown asked.

Mr. Knox then moved, after further discussion, that the president appoint a committee to "go over" the constitution, with the aid of outside legal counsel, revise it, report to the board of directors and have the revised constitution presented to the Adams county court for final approval. The motion was adopted.

"Air Differences"

The invitation to meet with the school board was extended by Mrs. Poppay. Mr. Brown and other members of the board said they would "welcome" such a meeting and "airing" of "differences." The action to invite the recreation board to meet with the school board was taken by the latter at a meeting in the high school Monday night.

"I notice in the evening paper," Mr. Brown said, "that at the school board meeting last night one or two board members expressed the thought that there was some misunderstanding between the school board and the recreation association."

"There should be no confusion in the minds of any members of the board. Its direct link with the recreation association is its superintendent, Dr. Keefeauver, who should assist both boards in formulating a common policy. This would be within the spirit and meaning of recreation legislation."

"Unfortunately, though sent notice by our secretary, Mr. Hartzell, of every meeting, Dr. Keefeauver's presence has been a rare privilege."

Irked By Criticism

"It is a great temptation to answer in plain language the criticism by two members of the school board of the unanimous action of this board on March 17. However, (Please Turn to Page 2)

WAR VETERAN TELLS CLUB OF JAP FRIENDSHIP

Members of the Exchange club heard a first-hand account of Japan and Korea, at their regular weekly meeting at Banker's restaurant Tuesday night from Sgt. Richard Cole, son of Mr. and Mrs. Richard M. Cole, Stevens street, who returned last week after several months of service with the air force in both countries.

The speaker was introduced by his uncle, John A. Codori, a member of the club. President E. Donald Scott presided during the early part of the business meeting. The concluding part of the program was in charge of Vice President Robert P. Snyder.

Japs Not Hostile

"The Japanese people as a whole are no longer hostile to Americans," Sgt. Cole declared. "They have become pro-American, and are adopting western ways. Most of them are discarding their old Japanese clothing and wearing western style dress and adopting western customs."

The speaker said that rice and fish still constitute a large share of the ordinary Japanese diet. Koreans, he said, are as different "as night from day" from the Japanese. "In their food," he said, "they use lots of pepper and hot sauces. They don't get enough to eat, so perhaps the hot food prevents them from eating so much."

"Most Americans don't like Korea," he said, "but like their rest periods in Japan. Korea has been badly damaged. Seoul was at one time a beautiful city, and there are still modern buildings standing, but the country has been hard hit by both forces."

Koreans Want Food

"Koreans," Sgt. Cole said, "consider getting something to eat before they think very much about freedom. Clothing is insufficient. Last winter I saw children at a Korean orphanage running around barefoot in the cold and snow."

"I don't believe that Koreans know why we are over there, and I think there are a lot of Americans who don't either. Many people seem to be forgetting the Korean war, but the GIs know why they are there."

Sgt. Cole gave as his opinion that the war was putting a drain on Russian arms production, and thus slowing up the spread of communism. "I think the Chinese are about through with the Russians," he said. "They have adopted communism, but they want to run the show themselves."

POULTRYMEN'S PROBLEMS GET EXPERT STUDY

Poultry problems, ranging from diseases to building chicken houses, were discussed by two speakers and a large group of farmers Tuesday evening at a meeting held by the Adams County Poultry Federation and the county agricultural extension association at the court house.

Dr. James R. Wiley, Myerstown, a veterinarian and authority on poultry diseases, discussed the cause and prevention of diseases, through sanitation and vaccination, building up immunity in flocks and through breeding and feeding.

New Castle vaccination, he said, should be given between the fifth and eighth day of a chick's life, rather than on the first day as is the practice of most farmers today. The later vaccination gives better results, Wiley said. Vaccination on the first day of its life often proves fatal to the struggling infant chicken.

Fowl pox vaccination should be given between the tenth and 21st (Please Turn to Page 2)

13 COUNTIANS DEPART TODAY FOR U. S. SERVICE

Thirteen Adams county men sent to Harrisburg this morning for induction into the armed forces, bringing to 194 the number of countians called through selective service since the new draft began in August, 1948.

The group, with Joseph P. Lawrence, New Oxford R. D., as leader and William H. Moul, Hampton, as assistant leader, left the selective service board on Lincoln Square at 7 o'clock this morning to report for duty with the army air force, navy and marine corps, depending on the branch for which they are chosen.

In the group, in addition to the leaders, were: Glenn I. Cool, Fairfield; John F. Riley, Gettysburg R. D.; Paul L. Houser, New Oxford R. D.; Leo T. Groft, McSherrytown; Charles S. Moore, Littlestown; Clyde L. Sloat, Orrtanna R. D.; Lawrence, I. Hall, Jr., Biglerville R. D.; Charles W. Kuhn, Gardners R. D.; George Rabenstein, Jr., Abbottstown R. D.; Lee D. Zinn, Hanover R. D., and Kermit L. Shultz, York Springs R. D.

Transferred To Carlisle Robert L. Burgard, Jr., McCrea, Pa., scheduled to go with the group today, has been transferred to the Carlisle board.

For Assistant Leader Moul, the draft call terminated his try-out in Georgia, in training with a chain for big-league baseball. He was in training with a chain team of the St. Louis Browns, when he was called for armed forces duty.

Since 1948 a total of 578 Adams countians of draft age have entered the armed forces. In addition to the 194 drafted, 384 enlisted in various services. That number does not include 17-year-old enlistments, or reservists of over draft age recalled to service.

BULLETINS

Washington, April 9 (AP)—President Truman sent Congress a special message on the steel situation today, offering to cooperate with the legislators in establishing "specific terms and conditions" by law for government operation of the seized mills.

The message was dispatched to the capitol as the steel industry fought back in the courts against Truman's order last night for seizure of the plants.

Pittsburgh, April 9 (AP)—The major part of the nation's steel industry stood idle today and steelworkers who called off a midnight strike cried "lock-out."

Reports from across the country gave no indication of "Big Six" steel firms operating under President Truman's dramatic seizure order, beyond admitting maintenance men to duty. Most of the industry's 650,000 steelworkers found company gates closed.

Washington, April 9 (AP)—Bethlehem Steel Co., second largest of the nation's steel producers, today joined Youngstown and Republic in a legal challenge of the government's right to seize steel mills.

Washington, April 9 (AP)—The Senate Banking committee today recessed its consideration of a bill to extend wage, price and other economic controls. Chairman Maybank (D-S. C.) said it would be "a dreadful mistake" to consider it against the background of the steel dispute. Maybank said, after a 20-minute

ENDORSE RADIO FOR FIREMEN IN CIVIL DEFENSE

Two hundred and fifty firemen attended the quarterly meeting of the Adams County Firemen's association Monday evening at Aspers. Stewart P. Andrews, safety director of the Metropolitan Edison company, York, spoke on "Electrical Fires and Their Causes."

"All that is needed is respect, when firemen come in contact with wires, which happens at almost all fires," he pointed out. "Hazards are always present, especially with overhead wires. Carbon dioxide and carbon tetrachloride and foam are all non-conductors. Great care should be taken by all firemen when on duty; all burns are dangerous, especially electrical ones, and may cause permanent injury."

Mr. Andrews made several suggestions, among them that the power company be notified when there are wires near the fire; that people, especially children, be kept away from wires; that firemen wear rubber boots, rubber gloves and other insulated and protected clothing and use wooden, not metal ladders. He said firemen should check size and shape of insulators to determine the voltage. "Low voltage does not necessarily mean safe voltage, and every fire company should have special equipment to cut wires or they should remain away from them and call in experienced men," he said.

Urges Familiarity Mr. Andrews urged all fire chiefs to become familiar with the wires, conductors, and high voltage customers in the community. "When there is a fire," he said, "power and light should stay on as long as possible, because power may be needed to operate pumps, machinery, etc."

Only firemen should operate switches and this should be done with extreme care. When a switch is turned off it should be marked with a red tag."

Following Mr. Andrews' talk, the program included movies on a new type of dry powder extinguisher, shown by E. W. Manage of the Metropolitan Edison company's Harrisburg office. Pamphlets were distributed to the firemen. The program was arranged by Richard E. Dreas, manager of the Metropolitan Edison company, Gettysburg.

Charles Bretzman, Benderville, the president, conducted the business meeting, which opened with the group singing of "America" and group prayer. Charles Guiden, of the host company, gave the address of welcome. The secretary's report was presented by Roger Myers, Fairfield. Twenty-one of the 25 companies in the county were represented at the meeting, as follows: Abbottstown, Arendtsville, Aspers, Barlow, Benderville, Biglerville, Bonneauville, Cashtown, Centennial, East Berlin, Fairfield, Hampton, Irish-town, Kingsdale, Littlestown, McSherrytown, Mt. Joy, New Oxford, York Springs, Brantown and Cone-wago.

Endorse Fire Radio

A committee composed of John Murren, Henry E. Waltman and Rudolph Crouse, was named to prepare a resolution to the Adams county commissioners, expressing the unanimous approval of the county organization and its individual companies of radio-equipped fire apparatus for all the companies in the county, for use in civil defense.

It was announced that the annual Pennsylvania fire school will be held (Please Turn to Page 2)

UN Refuses To Accept Trade Deal In Korea; Will Not Lift Ban On Repairing Airfields During Truce

Seoul, Korea, April 9 (AP)—An outnumbered United Nations advance unit today broke up an attempted trap by a hundred Reds west of the Mundung valley of the eastern Korean front.

The Communists hit the unit's position from three sides, said a U. S. Eighth Army tactical summary. They directed their main effort at its rear. The U. N. troops withdrew on orders but two hours later had fought back to their front line post.

It was the heaviest fight reported along the U. N. front Wednesday morning. Other ground action was confined to light patrol engagements.

U. S. jet planes, grounded by rain and clouds Tuesday, took off in clearing weather Wednesday and renewed their bomb and rocket attacks on Red frontline and supply positions.

The U. S. battleship Iowa dumped 145 tons of shells on Red rail lines along North Korea's east coast.

Pilots of B-26 night intruders and U. S. Marine fighter-bombers reported they destroyed 35 vehicles and a locomotive in attacks behind Red lines Tuesday night.

POLIO CAMPAIGN NETTED \$6,756 IN THIS COUNTY

Adam county residents donated \$6,756.53 to the county polio fund during the annual money-raising campaign held by the county chapter of the National Foundation for Infantile Paralysis.

Mrs. Joseph E. Codori, in accounting the final figures for the drive said that the amount was "about \$30 less" than the sum given in 1951. At the same time she expressed her appreciation as fund campaign chairman to all who helped in the drive and all who donated, observing, "Under the circumstances I think that the drive was even more successful than the one last year."

Of that \$6,756.53 half will be retained by the local chapter for use of persons in the county who may be afflicted with infantile paralysis this year, for continued treatment of persons who suffered the disease in prior years and similar activities, including an educational program. The other half goes to the national program of research and treatment.

Distribute Pamphlets Part of that educational program is being carried out now with the distribution of 10,000 pamphlets in the county's public and parochial schools telling methods of cutting down the danger of infection by the disease. Approximately 1,500 automobile owners in the county gave \$2,154.79 toward the drive. The amount was "several hundred dollars more" than was given by the motorists last year.

The donations through purchase of tickets to the annual polio ball, through collection boxes placed in the communities and through contributions by individuals other than the motorists and schools, were as follows: Arendtsville, \$247.60; Benderville, \$155; Biglerville, \$338.39; Cashtown, \$55.59; East Berlin, \$190.34; Fairfield, \$133.93; Gettysburg, \$1,467.75; Littlestown, \$895.75; New Oxford, \$556.92; McSherrytown, \$508.69; York Springs, \$191.78. Schools were previously announced as giving more than \$700 to the drive.

Munsan, Korea, April 9 (AP)—A U. N. negotiator said today the Allies "absolutely would not" trade a ban on repairing military airfields for the "strictly phony issue" of Russia as a Korean truce supervisor.

Maj. Gen. William E. Harrison made the statement after a Chinese negotiator hinted for the second successive day the Communists would like to make such a swap. "They are trying to offer us something that should not be an issue at all for something really vital to an armistice," Harrison told newsmen.

In Tokyo British Gen. Sir Charles F. Kneightley commented the "Chinese are playing a game at Panmunjom. They know, everyone knows, the U. N. is anxious for peace, when that peace will come probably will be decided by the men in Peiping."

Hopeful For Peace

Nevertheless Kneightley said he was "optimistic that within six months an uneasy peace will be worked out in Korea." Kneightley, commander of British Far East land forces, made the statement as his "personal opinion" after an inspection tour of Korea and a conference with Vice Adm. C. Turner Joy, chief U. N. truce negotiator.

At Panmunjom Chinese Maj. Gen. Hsieh Paang made the indirect bid to trade off two of the major stumbling blocks to a Korean truce. The Allies want a ban on building or repairing military air fields. The Communists want Soviet Russia named as one of the "neutral nations" who will police the armistice.

Hsieh said the two questions "could be settled together." But he did not press the point. And Harrison ignored the hint.

Harrison did say that if the Communists wanted to turn the problem of truce supervision back to staff officers it was all right with the Allies if both questions were discussed. Staff officers previously were forbidden, by mutual agreement, to talk about the airfield ban.

11 Minute Session

At Communist request truce supervision talks were shifted last week to the higher level of a negotiating subcommittee. That's where they are now.

Wednesday's session lasted only 11 minutes. It was one of the longest in recent days.

Later Harrison told newsmen he was convinced the Communists raised the Russian question "only to bargain it against airfields."

"The question on airfields is really a vital matter in regard to the stability of an armistice," he said.

Warrior Trackmen Top Trojans; Two New School Marks Are Set

Shattering two school records and establishing another new meet mark, the Gettysburg high school track team easily defeated Chambersburg here Tuesday afternoon 12-46 to open its season auspiciously.

Johnny Beegle, a junior and winner of the 880 and mile runs, established a new school record in the mile with his time of 4:49.3. The old mark was set by Clyde Spangler in 1933 at 4:51.5. Beegle also set another meet record in the 880 with a 2:11.8 clocking to top the 2:13.1 set by Myers in 1950.

The other local mark was set by Jim Skinner who hurled the discus 35 feet 7 inches, bettering the mark of 34 feet 8 inches set in 1942 by "Pooney" Carter.

A pair of meet records were set by Sam Musser, Trojan speedster, who won the 220 in 24.4 and the 440 in 35. Previous records were set in both events in 1949 by Paul Miller, Gettysburg, with times of 24.6 and 43.

Other Double Winners
In addition to Musser and Beegle, Skinner was a double winner by also taking the high jump at 5-2, while Wayne Tonsel captured the 110 hurdles in 13.5 and the broad jump with a leap of 10-10 1/2.

Other first places were won by the Warriors as follows: Ronnie Williams, 100, in 12 seconds; Richie Carter, shotput, 40-9 1/2; Raymond Goodermuth, pole vault, 9-4, and the Gettysburg mile relay team of William Bream, Carl Staiger, William DeHass and Ronnie Miller, in 5:50.

Gettysburg made a clean sweep of the shotput with Bill Williams and John Carter finishing behind runner in that order.
In the two special freshman-sophomore events the Warriors took both. The mile relay team of Evans, Drake, Shindedecker and R. Crouse reeled off a 4:10.4 time and the 880 relay group of Gifford, Shindedecker, Crouse and Weikert won in 1:46.7.

Baseball Training Camp Briefs

Baltimore, Md., April 9 (AP)—The Brooklyn Dodgers haven't lost that come run punch.
The Dodgers, who led both leagues in home runs in 1951, have clouted 2 this spring and allowed the opposition 13 Duke Snider slammed to and Gil Hodges one yesterday.
Brooklyn's 4-1 victory over the Boston Braves at Richmond, Va.

Lynchburg, Va., April 9 (P)—Manager Eddie Sawyer today named gthander Howie Fox to work the penning game of the Philadelphia series with the Athletics Saturday at Snibe Park, in Philadelphia.
Russ Meyer was named to hurl Sunday contest for the Phillies. Sawyer said his batting order would be right-handed with the exception of Richie Ashburn if the Athletics use a southpaw and loaded with pitchers if a right-hander pitched for the American leaguers.

Danville, Va., April 9 (AP)—Manager Jimmy Dykes may have found right-handed pitcher to team with the Philadelphia Athletics top pitchers—all left-handers.
For weeks Dykes has been waiting and watching for one of the thodox twirlers to come through with a performance indicating he's ready for the 1952 season. Chunky Hooper provided such a performance yesterday against the Boston Red Sox.
In six innings Hooper didn't walk man, gave up six hits and struck at two. That "no bases on balls" the big item and Dykes hopes he Coleman will do a similar job day.

New Orleans, April 9 (P)—Ralph Kiner, Pittsburgh Pirate home run hitter, says he's going to do more than hit around trippers this season.

"I've tried hitting the ball to right field occasionally," said Kiner, whose homers usually are dead to life field. "And I have been working on it and run plays and bunting occasionally."
Manager Bill Meyer declared Kiner "seems to be an altogether different player."
"When you get a fellow like that who tries to improve himself all the time—you have something."

Shreveport, La., April 9 (P)—On the basis of spring performance, Cleveland Manager Al Lopez forecasts a "terrific year" for pitcher Bob Feller.
Lopez was talking about Feller's work against the New York Giants.
28 innings, Feller has: allowed seven runs, 26 hits, fanned 13, struck nine and issued one home in pitch (to Willy Mays).
Yesterday, at Houston, Feller let out the Giants in seven innings on five hits. He struck out six. The Indians won, 5-0.

SPRING TOURS INJURE MANY DIAMOND STARS

By JOE REICHLER
New York, April 9 (AP)—Are spring tours necessary? Do they bring more harm than good?
It would be interesting to hear such athletes as Monte Irvin, Red Schoendienst, Joe Collins, Billy Martin, Vern Benson and several others on the subject.

None of these lads will be in the lineup when the major league season opens next Tuesday. All are on the sidelines nursing serious wounds suffered in exhibition games while conditioning themselves for the championship race.

Irvin Most Serious
The most serious, of course, and also the most tragic, is the compound fracture and ankle dislocation suffered by Irvin.

The injury, a shattering blow to the New York Giants, occurred while Irvin was making a routine slide into third base in an exhibition against the Cleveland Indians at Denver. The Denver ball park, incidentally, happens to be one of the largest, most complete and best maintained of all minor league parks.

Monte, the key man in the Giants' offense, is expected to be out for at least half the season, and maybe all of it.

Other Stars Sidelined
Schoendienst, one of the shining lights of the St. Louis Cardinals, broke the third finger of his throwing hand against the Phillies in Clearwater, Fla., and will miss at least the first week of the campaign.

Benson, a teammate, broke an ankle in a game against the Boston Braves in Bradenton, Fla., and is not expected back until the middle of June. The rookie outfielder had been very impressive in camp and according to Manager Eddie Stanky "was 99 per cent sure of making the team."

Marun seemed a cinch to open the season at second base for the New York Yankees when he broke his right ankle sliding into second base while demonstrating his art for a Joe DiMaggio television show. As a result he will not be ready until mid-May.

Collins Was Spiked
Collins, the regular Yankee first baseman, suffered a serious spike wound on his foot in a game against the Braves and will miss the first two weeks of the campaign. He is under treatment in a New York hospital.

Others currently nursing injuries of sorts included Peeewe Reese of the Dodgers, (swollen finger); Gil Coan and Irv Noren, Senators, (leg injuries); Sid Gordon, Braves, (Charlie horse), and Harry Brecheen, Cards, (elbow chips).
Every club has been hit with injuries at one time or another this spring. At one time almost the entire Dodger team was afflicted with injuries. Jackie Robinson had a pulled muscle in his chest, Roy Campanella was bothered by a thigh injury, Andy Pafko was out with a pulled leg muscle, Reese with a Charley horse and Clem Labine with a bump on his pitching arm.

Local Squad Will Practice Thursday

The scheduled practice of the Gettysburg Recreation baseball team of the Twilight league was called off Tuesday evening due to the cool weather.
A number of candidates reported Tuesday to Manager Johnny Grindner. It was decided to drill Thursday evening at 6 o'clock. Practices are open to all desiring to seek a berth on the team.

EAST BERLIN TITLE CAGERS GIVEN DINNER

Elmer Gross, head basketball coach of Penn State, was the principal speaker at a testimonial dinner honoring East Berlin high's District 3 Class C PIAA basketball champions Tuesday evening.

Over 100 persons attended the affair which was held in the East Berlin Reformed church annex. Citizens of the community raised funds to sponsor the banquet in honor of the first Adams County Scholastic league team to win a district cage title.

E. M. Gruver, supervising principal of East Berlin schools, served as toastmaster. Guests who were introduced included Bob Hulton, head cage coach at York Junior college, and Mr. and Mrs. Charles Eisenhart of Steelton. Eisenhart is secretary of District 3 of the PIAA.

Ellis Dimey, coach of the Cone-wago Indians, was the recipient of two awards Charles Hash, principal of East Berlin high, presented Dimey with a wrist watch, and Wayne Lau, East Berlin basketball captain, gave his coach a wallet on behalf

of his teammates.
Jack Taylor, faculty manager of athletics, informed the team that each player has been awarded a jacket of cherry and gray—the school colors—as a gift from the citizens of the community. The jackets were delayed in transit and are expected within the next several days.
Most of the schools in the Adams County Scholastic league—of which East Berlin won the championship—were represented at the affair. Gross, in addition to his talk, also showed a feature movie film of a basketball game between Penn State and Colgate.
The committee in charge of the banquet consisted of E. M. Gruver, chairman, Dick Riggs and John Lehr.

MOUNTAINEERS LOSE OPENER

A seven-run rally in the ninth inning gave the Western Maryland college baseball team a 12-11 victory over Mt. St. Mary's at Emmitsburg Tuesday afternoon.

The Mountaineers apparently had the game well in hand after piling up an 11-2 lead after five innings. The Terrors scored three times in the eighth and then won out with their big last frame rally.
In the ninth Western Maryland made its runs via four hits, two walks, an error, a fielder's choice and a sacrifice bunt by Union which scored Jordan with the deciding run.

ESBYTERIAN WOMEN MEET

Members of the three adult circles of the Women's Service Guild of the Presbyterian church met Tuesday night in separate sessions held at homes of members and at the church.

One met at the home of Paul Ketterman, Steinwehr street, with Mrs. Levi Spangler as hostess. Mrs. James L. Hafer, chairman of the circle, presided. Hugh C. McIlhenny was in charge of devotions. Plans were made for a picnic covered dish at the home of Mrs. McIlhenny, Gettysburg R. 4, on June 10.

Members of Circle 2 with Mrs. Nell Bucklew, chairman, president at the church and made plans for ladies at the Presbyterian at Newville. They also did up on layettes for a world relief fund. The members made plans for the May meeting of the Guild. Circle 2 will be in charge of arrangements. Mrs. J. P. Dalbey led the devotions.

Members of Circle 3 met at the home of Mrs. C. Ross Shuman, Eastaway, with Mrs. J. C. Bristol as hostess. Devotions were led by Ruth McIlhenny, Circle chair.

The Circle's duties for May June will be to place flowers in the sanctuary each Sunday. Mrs. E. Hughes told the group of a recent Latvian family and their life in this country. Easter cards and name place cards for the Parker Annex, Carlisle, the Presbyterian home were made. Birthday corsages will be made by Mrs. Hughes to all members of the circle who are 75 years of age or over. Refreshments were served to 16 persons present.

POULTRYMEN'S

(Continued from Page 1)

And vaccinations should be made in each chick separately. Wiley said that the individual vaccination gives better protection than group vaccination of a flock by means of injection.

O. Dossin, State College specialist, spoke mostly on the construction of chicken houses. The winds of the week-end in Adams county caused the need to make sure that the houses are tightly tied into concrete and stone structures, Dossin said. While most roofs stay put long as the pressure is all down, the wind lifts up and it found its way to the roofs not very tightly tied to their concrete block walls. Dossin discussed construction of four six inch "dead air space" between rows of a multi-storied chicken house. If such a dead air space is present, he said, the moist heat in the first floor will rise against the second and cause wet litter in a second floor.

May 28 was named as the date for the next poultrymen's meeting at a court house.

President Roy Heckenluber, who presided, urged the members to attend a field day and convention of the Pennsylvania Poultry Federation to be held at State College on May 18 and 19. Reservations for a banquet are to be made through Mrs. Walter Shearer, Sinking Springs. Cost of the banquet on May 18 at State College will be \$50. Plans were discussed for a field day of Adams county poultrymen to attend the State College day event.

Recreation Board

(Continued from Page 1)

The school directors of the borough of Gettysburg have made such headway in the last few years, in spite of the handicap of a dead weight of reaction and stagnant, lethargic direction, that a useful purpose would be served. "Out of discussion may emerge the answer to thorny problems which have handicapped our efforts, however futile, to perform some service for our local people."

The public meeting in the court house was suggested first by Mr. Brown. "I would welcome a meeting of this kind," he said. "Let's have it out."

"Bad Example"

Since the invitation came from the school board, it was decided, however, that it should be held at the place designated by the latter. In discussing such a joint meeting, Mr. Brown said: "This (recreation) board has no apologies to make." Mrs. Poppay said differences should be ironed out, that the situation "is setting a bad example to the youngsters."

Mr. Knox said he would "like to know why it was not stated in the paper that the school board is reimbursed by the recreation board as well as the state. People are wanting to know what is becoming of the money they give to the Community Chest for the recreation association," he said.

Today's Talk

By GEORGE MATTHEW ADAMS

HOME—THE CITADEL OF FREEDOM

This April 9th is the hundredth anniversary of the death of John Howard Payne, who wrote the immortal song "Home Sweet Home." The music was not his, but based upon an old Italian air. It first appeared in the opera "Clari, the Maid of Milan." One of my book thrills was when I held in my hand the first edition of this famous opera and read the song, hidden in its heart.

Few of us know much of Payne's life though he collaborated with Washington Irving in many of his writings, and wrote, adapted, and translated more than sixty plays. He was once U.S. consul at Tunis, between 1842 and 1845, and again from 1851 to his death there the following year. He was somewhat of a wanderer, however, and it is perhaps significant that his first play was called "Julia; or, The Wanderer." "Home, Sweet Home" was first published in 1823.

I believe Payne wrote his deathless song while he was in Paris dreaming of a home that he had not, lonely and discouraged. He realized that home was the citadel of a nation's greatness and happiness, and wanted everyone to realize the fact. Certainly it is the home that is the strongest fortress for the defeat of all foreign ideologies, especially communism. From the home radiate the ideals of a nation. From its door go the great of this earth.

"Be it ever so humble," said Payne, "there's no place like home." It is from the homes of a free land that men and boys go out to fight its enemies. There it is that their most cherished memories lie, and where their most valuable lessons have been learned—in an atmosphere of love, selflessness, and religious faith. Poison the home and you strike at the heart of freedom!

Call the roll of the heroic in history. They came from God-fearing homes. Communism hates this kind, and is bent upon destroying them. Dare them to do it! Our forefathers kept a gun in their homes. They were determined that no outside force should destroy what John Howard Payne called "the heart's dearest solace." What a wave of exultation must have swept through those American audiences when Jenny Lind sang, as perhaps no one else ever sang—"Home, Sweet Home!" What a heritage we have in our home, no matter how humble!

Tomorrow Mr. Adams will talk on the subject: "Reverence for Life"

THE HONOR GUEST

They gave him a party. They gave him a gift. And the praises they spoke gave his spirit a lift. 'Twas a happy occasion men now and then plan. And nothing in life does more good for a man.

They gathered to honor him. Stood up to cheer. They told of their pride in him while he could hear. They gave him that thrill of success which depends Not on money or skill but the faith of his friends.

They gave him that gift which no money can buy: The warmth of the heart which true friends must supply. They gave him their trust as about him they sat. And no triumph in life can be greater than that.

Building Ideas For Home Owners

As long as America continues to have cities, so long will lots with 40-foot frontage remain more or less common. And therein lies a problem for the average city home builder because stock plans for houses usually call for wider sites.

Thus many prospective builders will be interested in the design presented today by the Home of the Week Plan Service, since it is only 26 feet wide and a 40 foot lot will be adequate. This four-room cottage—it is called "The Grotto"—has a depth of 42 feet and a cubic content of 19,200 feet.

Rooms Can Be Closed Off
An unusual feature of the plan is that service, living and sleeping quarters are so located that each can be segregated from the others. A

The kitchen range is located along the wall between kitchen and living room. Ample wall space remains here for a work table and a built-in ironing board. The sink, flanked by good counter and cupboard facilities, is convenient to the service entry, below a window. Refrigerator stands at the end of the working counter. Kitchen floor, as well as the floor in rear hall and bathroom, is linoleum covered.

Opening directly from the kitchen is a dinette, 10x10 feet in floor size. A double mullion window lights this room and a built-in china closet is a special feature.

Beyond the kitchen a small inside hallway, shut off by a door between, connects the two bedrooms and bath. A large linen closet is located in this hall area.

The two bedrooms have good cross lighting and ventilation and there is a sizable clothes closet in each room. One room is 10x11 feet; the other measures 11x14 feet.

A suggested change that might be made in the illustrated floor plan of this house would be relocation of the basement stairs to parallel the wall between kitchen and living room. This would place the door to the cellar stair conveniently near the service entry of the kitchen. Such a change could add about three feet in length to the dinette. Or the dinette could be left the same size and the additional space gained

Warrior Trackmen Top Trojans; Two New School Marks Are Set

Shattering two school records and establishing another new meet mark, the Gettysburg high school track team easily defeated Chambersburg here Tuesday afternoon 1-46 to open its season auspiciously.

Johnny Beegle, a junior and winner of the 880 and mile runs, established a new school record in the mile with his time of 4:49.3. The old mark was set by Clyde Spangler in 1933 at 4:51.5. Beegle also set another meet record in the 880 with a 1:18 clocking to top the 2:13.1 set by Myers in 1950.

The other local mark was set by Skinner who hurled the discus 15 feet 7 inches, bettering the mark of 134 feet 8 inches set in 1942 by Pooney.

A pair of meet records were set by am Musser, Trojan speedster, who on the 220 in 24.4 and the 440 in 1.5. Previous records were set in the 220 in 1949 by Paul Miller, Gettysburg, with times of 24.6 and 1.3.

Other Double Winners
In addition to Musser and Beegle, kinner was a double winner by also taking the high jump at 5-2, while Fayne Tonsel captured the 110 hurdles in 1:35 and the broad jump with a leap of 18-10 1/2.

Other first places were won by the Warriors as follows: Ronnie Williams, 100, in 12 seconds; Richie Carter, shotput, 40-9 1/2; Raymond Woodermuth, pole vault, 9-4, and the Gettysburg mile relay team of William Bream, Carl Staiger, William DeHass and Ronnie Miller, in 5:50.

Gettysburg made a clean sweep of the shotput with Bill Williams and John Carter finishing behind kinner in that order.

In the two special freshman-sophomore events the Warriors took both. The mile relay team of Evans, Drake, Shindedecker and R. rouse reeled off a 4:10.4 time and the 880 relay group of Gifford, Shindedecker, Crouse and Weikert on in 1:46.7.

Baseball Training Camp Briefs
Baltimore, Md., April 9 (P) — The Brooklyn Dodgers haven't lost that one run punch.

The Dodgers, who led both leagues in home runs in 1951, have clouted 2 this spring and allowed the opposition 13. Duke Snider slammed two and Gil Hodges one yesterday.

Brooklyn's 4-1 victory over the Boston Braves at Richmond, Va.

Lynchburg, Va., April 9 (P) — Manager Eddie Sawyer today named ghtthander Howie Fox to work the pening game of the Philadelphia ty series with the Athletics Saturday at Shibe Park, in Philadelphia.

Russ Meyer was named to hurl the Sunday contest for the Phillies. Sawyer said his batting order would be right-handed with the exception of Richie Ashburn if the Athletics are a southpaw and loaded with outsiders if a right-handed pitcher for the American leaguers.

Danville, Va., April 9 (P) — Manager Jimmy Dykes may have found right-handed pitcher to team with the Philadelphia Athletics top pitchers—all left-handers.

For weeks Dykes has been waiting and watching for one of the thodox twirlers to come through with a performance indicating he's ady for the 1952 season. Chunky ob Hooper provided such a performance yesterday against the Boston Red Sox.

In six innings Hooper didn't walk man, gave up six hits and struck it two. That "no bases on balls" the big item and Dykes hopes e Coleman will do a similar job day.

New Orleans, April 9 (P) — Ralph iner, Pittsburgh Pirate home run iter, says he's going to do more an hit around trippers this season.

"I've tried hitting the ball to right ld occasionally," said Kiner, whose omers usually are dead to life ld. "And I have been working on t and run plays and bunting occasionally."

Manager Bill Meyer declared iner "seems to be an altogether ferent player."

"When you get a fellow like that who tries to improve himself all e time—you have something."

Shreveport, La., April 9 (P) — On e basis of spring performance, eveland Manager Al Lopez foreests a "terrific year" for pitcher ob Feller.

Lopez was talking about Feller's rk against the New York Giants. 28 innings, Feller has: allowed ven runs, 26 hits, fanned 13, lked nine and issued one home n pitch (to Willy Mays).

Yesterday, at Houston, Feller ut out the Giants in seven ings on five hits. He struck out e. The Indians won, 5-0.

SPRING TOURS INJURE MANY DIAMOND STARS

By JOE REICHLER
New York, April 9 (P) — Are spring tours necessary? Do they bring more harm than good?

It would be interesting to hear such athletes as Monte Irvin, Red Schoendienst, Joe Collins, Billy Martin, Vern Benson and several others on the subject.

None of these lads will be in the lineup when the major league season opens next Tuesday. All are on the sidelines nursing serious wounds suffered in exhibition games while conditioning themselves for the championship race.

Irvin Most Serious
The most serious, of course, and also the most tragic, is the compound fracture and ankle dislocation suffered by Irvin.

The injury, a shattering blow to the New York Giants, occurred while Irvin was making a routine slide into third base in an exhibition against the Cleveland Indians at Denver. The Denver ball park, incidentally, happens to be one of the largest, most complete and best maintained of all minor league parks.

Monte, the key man in the Giants' offense, is expected to be out for at least half the season, and maybe all of it.

Other Stars Sidelined
Schoendienst, one of the shining lights of the St. Louis Cardinals, broke the third finger of his throwing hand against the Phillies in Clearwater, Fla., and will miss at least the first week of the campaign.

Benson, a teammate, broke an ankle in a game against the Boston Braves in Bradenton, Fla., and is not expected back until the middle of June. The rookie outfielder had been very impressive in camp and according to Manager Eddie Stanky "was 99 per cent sure of making the team."

Martin seemed a cinch to open the season at second base for the New York Yankees when he broke his right ankle sliding into second base while demonstrating his art for a Joe DiMaggio television show. As a result he will not be ready until mid-May.

Collins Was Spiked
Collins, the regular Yankee first baseman, suffered a serious spike wound on his foot in a game against the Braves and will miss the first two weeks of the campaign. He is under treatment in a New York hospital.

Others currently nursing injuries of sorts included Peeewe Reese of the Dodgers, (swollen finger); Gil Coan and Irv Noren, Senators, (leg injuries); Sid Gordon, Braves, (Charlie horse), and Harry Brecheen, Cards, (elbow chips).

Every club has been hit with injuries at one time or another this spring. At one time almost the entire Dodger team was afflicted with injuries. Jackie Robinson had a pulled muscle in his chest, Roy Campanella was bothered by a thigh injury, Andy Parko was out with a pulled leg muscle, Reese with a Charley horse and Clem Labine with a bump on his pitching arm.

EAST BERLIN TITLE CAGERS GIVEN DINNER

Elmer Gross, head basketball coach of Penn State, was the principal speaker at a testimonial dinner honoring East Berlin high's District 3 Class C PIAA basketball champions Tuesday evening.

Over 100 persons attended the affair which was held in the East Berlin Reformed church annex. Citizens of the community raised funds to sponsor the banquet in honor of the first Adams County Scholastic league team to win a district cage title.

E. M. Gruver, supervising principal of East Berlin schools, served as toastmaster. Guests who were introduced included Bob Hulton, head cage coach at York Junior college, and Mr. and Mrs. Charles Eisenhart of Steelton. Eisenhart is secretary of District 3 of the PIAA.

Ellis Diviny, coach of the Cone-wago Indians, was the recipient of two awards. Charles Hash, principal of East Berlin high, presented Diviny with a wrist watch, and Wayne Lau, East Berlin basketball captain, gave his coach a wallet on behalf of his teammates.

Jack Taylor, faculty manager of athletics, informed the team that each player has been awarded a jacket of cherry and gray—the school colors—as a gift from the citizens of the community. The jackets were delayed in transit and are expected within the next several days.

Most of the schools in the Adams County Scholastic league—of which East Berlin won the championship—were represented at the affair. Gross, in addition to his talk, also showed a feature movie film of a basketball game between Penn State and Colgate.

The committee in charge of the banquet consisted of E. M. Gruver, chairman; Dick Riggs and John Lehr.

SPRING TOURS INJURE MANY DIAMOND STARS

By JOE REICHLER
New York, April 9 (P) — Are spring tours necessary? Do they bring more harm than good?

It would be interesting to hear such athletes as Monte Irvin, Red Schoendienst, Joe Collins, Billy Martin, Vern Benson and several others on the subject.

None of these lads will be in the lineup when the major league season opens next Tuesday. All are on the sidelines nursing serious wounds suffered in exhibition games while conditioning themselves for the championship race.

Irvin Most Serious
The most serious, of course, and also the most tragic, is the compound fracture and ankle dislocation suffered by Irvin.

The injury, a shattering blow to the New York Giants, occurred while Irvin was making a routine slide into third base in an exhibition against the Cleveland Indians at Denver. The Denver ball park, incidentally, happens to be one of the largest, most complete and best maintained of all minor league parks.

Monte, the key man in the Giants' offense, is expected to be out for at least half the season, and maybe all of it.

Other Stars Sidelined
Schoendienst, one of the shining lights of the St. Louis Cardinals, broke the third finger of his throwing hand against the Phillies in Clearwater, Fla., and will miss at least the first week of the campaign.

Benson, a teammate, broke an ankle in a game against the Boston Braves in Bradenton, Fla., and is not expected back until the middle of June. The rookie outfielder had been very impressive in camp and according to Manager Eddie Stanky "was 99 per cent sure of making the team."

Martin seemed a cinch to open the season at second base for the New York Yankees when he broke his right ankle sliding into second base while demonstrating his art for a Joe DiMaggio television show. As a result he will not be ready until mid-May.

Collins Was Spiked
Collins, the regular Yankee first baseman, suffered a serious spike wound on his foot in a game against the Braves and will miss the first two weeks of the campaign. He is under treatment in a New York hospital.

Others currently nursing injuries of sorts included Peeewe Reese of the Dodgers, (swollen finger); Gil Coan and Irv Noren, Senators, (leg injuries); Sid Gordon, Braves, (Charlie horse), and Harry Brecheen, Cards, (elbow chips).

Every club has been hit with injuries at one time or another this spring. At one time almost the entire Dodger team was afflicted with injuries. Jackie Robinson had a pulled muscle in his chest, Roy Campanella was bothered by a thigh injury, Andy Parko was out with a pulled leg muscle, Reese with a Charley horse and Clem Labine with a bump on his pitching arm.

Two New Teams Join South Penn
The South Penn Baseball league today became an eight-team organization with the announcement of two new members by President Ken Knox.

The Hanover Legion requested admittance Monday evening which was granted by the league president, Bendersville, a previous applicant, had been told it would be admitted if another team could be secured.

The league membership now includes the new members, Hanover and Bendersville, and Huntertown, Barlow, Granite, Greenmount, Brushtown and Bonnevilleville.

Local Squad Will Practice Thursday

The scheduled practice of the Gettysburg Recreation baseball team of the Twilight league was called off Tuesday evening due to the cool weather.

A number of candidates reported Tuesday to Manager Johnny Grindner. It was decided to drill Thursday evening at 6 o'clock. Practices are open to all desiring to seek a berth on the team.

EAST BERLIN TITLE CAGERS GIVEN DINNER

Elmer Gross, head basketball coach of Penn State, was the principal speaker at a testimonial dinner honoring East Berlin high's District 3 Class C PIAA basketball champions Tuesday evening.

Over 100 persons attended the affair which was held in the East Berlin Reformed church annex. Citizens of the community raised funds to sponsor the banquet in honor of the first Adams County Scholastic league team to win a district cage title.

E. M. Gruver, supervising principal of East Berlin schools, served as toastmaster. Guests who were introduced included Bob Hulton, head cage coach at York Junior college, and Mr. and Mrs. Charles Eisenhart of Steelton. Eisenhart is secretary of District 3 of the PIAA.

Ellis Diviny, coach of the Cone-wago Indians, was the recipient of two awards. Charles Hash, principal of East Berlin high, presented Diviny with a wrist watch, and Wayne Lau, East Berlin basketball captain, gave his coach a wallet on behalf of his teammates.

Jack Taylor, faculty manager of athletics, informed the team that each player has been awarded a jacket of cherry and gray—the school colors—as a gift from the citizens of the community. The jackets were delayed in transit and are expected within the next several days.

Most of the schools in the Adams County Scholastic league—of which East Berlin won the championship—were represented at the affair. Gross, in addition to his talk, also showed a feature movie film of a basketball game between Penn State and Colgate.

The committee in charge of the banquet consisted of E. M. Gruver, chairman; Dick Riggs and John Lehr.

A seven-run rally in the ninth inning gave the Western Maryland college baseball team a 12-11 victory over Mt. St. Mary's at Emmitsburg Tuesday afternoon.

The Mountaineers apparently had the game well iced after piling up an 11-2 lead after five innings. The Terrors scored three times in the eighth and then won out with their big last frame rally.

In the ninth Western Maryland made its runs via four hits, two walks, an error, a fielder's choice and a sacrifice bunt by Union which scored Jordan with the deciding run.

JOINT SCHOOL EXECUTIVE BD. HOLDS SESSION

The executive board of the Littlestown Joint School system held its April meeting on Tuesday evening in the office of the supervising principal, Paul E. King. Principal King presented his monthly report and revealed that the tuition rates of \$13.87 for elementary pupils and \$19.90 for high school pupils for the 1951-1952 term had been approved for Littlestown by the Department of Public Instruction.

Mr. King listed the following events in his report: The boys' and girls' chapters of the PHA had attended a convention in Pittsburgh on March 21 and 22, accompanied by Mrs. Virginia Sheely and Elmer W. Gall, of the faculty; a representative of the Gettysburg National Guard unit addressed the Junior and Senior high boys at a special assembly on April 3, boys of the shop class accompanied by Charles E. Tressler and Clayton L. Evans of the faculty toured the Chevrolet plant in Baltimore on March 11, the eighth grade pupils taught by Elmer

W. Gall toured the Gettysburg battlefield on March 27, in connection with their study of American history; 23 boys have reported for baseball practice and the season officially opens on April 10 at Frederick high school; softball for the girls is being organized under the direction of Mrs. Kay Crouse Sentz of the faculty and several games will be scheduled this spring. It was announced that the annual band concert and open house will be held at the high school on Friday, April 9. The next meeting of the Parent Teachers' association will be held at the high school on Tuesday, April 15.

The board was advised by Mr. King that forms were received and filed with the Department of Public Instruction for the reimbursement in connection with the driver education course. This is in compliance with Act 498 of the State Legislature.

School Nurse Report
Mr. King also presented the report of school nurse, Brenda B. Walker, which revealed that she had made 28 home calls during the past month; given 128 first aid treatments; had three conferences with parents at school; two pupils had eye examinations and are wearing glasses; three pupils attended the chest clinic at the Warner hospital, Gettysburg, upon recommendation of their family doctor. The first dose of diphtheria-tetanus toxoid was given to the pupils of the first grade, whose parents had signed permis-

sion slips. The toxoid was provided by the Pennsylvania State Department of Health and was given by Dr. Leonard L. Potter, local physician. One case of scarlet fever was reported—the pupil has recovered and has returned to school. There were also several cases of mumps in the primary grades during the month of March but the general health of the pupils is good.

Buchler Presides
The cafeteria report revealed that 7,413 meals were served during the 21 days of operation, with a daily average of 353 meals.

Treasurer George Worley presented the following report: Receipts for March, \$19,655.10, expenditures, for general control, \$45.87; instruction, \$9,265.89; auxiliary agencies, \$815.62; co-ordinate activities, \$296.78; operation of plants, \$1,053.17, maintenance of plants, \$845.70, fixed charges, \$6.08, a total of \$12,349.31 expended during March.

Arthur E. Buchler, president of the executive board, presided for the meeting, and other board members present included Stanley R.

Sell, George Worley, Charles Shultz, Glenn Bowers, Elmer E. Fufrow, Clayton Harget, Lloyd E. Crouse and Wilbur E. Mackley. Also present were Principal Paul E. King and Secretary Henry E. Waltham.

Mrs. Ritter Speaks
Mrs. Luther W. Ritter, wife of Rotarian Luther Ritter, was the guest speaker at the regular meeting of the Littlestown Rotary club on Tuesday evening at Schott's hotel. Mrs. Ritter has made two trips abroad during the last few years and she told about her visit through Europe in 1950, including a detailed account of the Passion Play at Oberammergau. She also showed colored slides of scenes from the Passion Play. Other Littlestown persons who witnessed the Passion Play about the same time, unknown

to the speaker, were Mr. and Mrs. Burnell Worley and Kenneth K. Krohn. Mr. Worley was stationed with the armed forces in Germany at that time. The program was arranged by the International Service committee.

Special birthday dinners were served to those members who observed their birthday anniversaries during the past month, including Charles E. and Luther W. Ritter, A. G. Ealy, Lloyd E. Crouse, Frank J. Krocak and Bernard P. Schott. The next club meeting will be held Tuesday evening at 6:15 p.m. at Schott's. The program will be in charge of the Classification and

Membership committee composed of Dr. Joseph R. Ride, chairman, Mervin A. Harner, Roy D. Knouse and Richard A. Little.

DISMISS MRS. GRIEB

The York county commissioners in unanimous action Monday discharged Mrs. Elizabeth E. Grieb, formerly of Gettysburg, as executive

secretary in the Children's Services of York county. Their action was a carry-over from an earlier controversy involving the now defunct advisory committee to the Children's Services. A motion to reinstate the committee was defeated again Monday. Mrs. Grieb had been executive secretary in the agency since July 9, 1948, at annual salary of \$4,050.

New York, April 9 (AP)—The U. S. circuit court of appeals has denied petitions by condemned atom spies Julius and Ethel Rosenberg for a new hearing on their appeals. Their counsel, following the appeals court action yesterday, moved to stay the tribunal's mandate so the case could be carried to the U. S. Supreme Court. A hearing on the motion was set for next Monday.

Today's Talk

By GEORGE MATTHEW ADAMS
HOME—THE CITADEL OF FREEDOM

This April 9th is the hundredth anniversary of the death of John Howard Payne, who wrote the immortal song "Home Sweet Home." The music was not his, but based upon an old Italian air. It first appeared in the opera "Clari, the Maid of Milan." One of my book thrills was when I held in my hand the first edition of this famous opera and read the song, hidden in its heart.

Few of us know much of Payne's life though he collaborated with Washington Irving in many of his writings, and wrote, adapted, and translated more than sixty plays. He was once U.S. consul at Tunis, between 1842 and 1845, and again from 1851 to his death there the following year. He was somewhat of a wanderer, however, and it is perhaps significant that his first play was called "Julia; or, The Wanderer." "Home, Sweet Home" was first published in 1823.

I believe Payne wrote his deathless song while he was in Paris dreaming of a home that he had not, lonely and discouraged. He realized that home was the citadel of a nation's greatness and happiness, and wanted everyone to realize the fact. Certainly it is the home that is the strongest fortress for the defeat of all foreign ideologies, especially communism. From the home radiate the ideals of a nation. From its door go the great of this earth.

"Be it ever so humble," said Payne, "there's no place like home." It is from the homes of a free land that men and boys go out to fight its enemies. There it is that their most cherished memories lie, and where their most valuable lessons have been learned—in an atmosphere of love, selflessness, and religious faith. Poison the home and you strike at the heart of freedom!

Call the roll of the heroic in history. They came from God-fearing homes. Communism hates this kind, and is bent upon destroying them. Dare them to do it! Our forefathers kept a gun in their homes. They were determined that no outside force should destroy what John Howard Payne called "the heart's dearest solace." What a wealth of exultation must have swept through those American audiences when Jenny Lind sang, as perhaps no one else ever sang—"Home, Sweet Home!" What a heritage we have in our home, no matter how humble!

Tomorrow Mr. Adams will talk on the subject: "Reverence for Life."

THE HONOR GUEST
They gave him a party. They gave him a gift. And the praises they spoke gave his spirit a lift. 'Twas a happy occasion men now and then plan And nothing in life does more good for a man.

They gathered to honor him. Stood up to cheer. They told of their pride in him while he could hear. They gave him that thrill of success which depends Not on money or skill but the faith of his friends.

They gave him that gift which no money can buy: The warmth of the heart which true friends must supply. They gave him their trust as about him they sat. And no triumph in life can be greater than that.

Littlestown EX-TEACHER IS SPEAKER FOR CE

During the business session, Evelyn Harget was selected to be the leader for the meeting next Sunday evening at 6 o'clock when the topic "Easter-Day of Victory" will be discussed. The meeting closed with the C. E. benediction repeated in unison.

"Jesus' Garden Tomb" will be the subject of the sermon to be presented by the Rev. David S. Kammerer at the Lenten service on Thursday evening at 7:30 o'clock at St. Paul's Lutheran church. The Junior choir will meet for rehearsal prior to the service at 6:30 p.m.

Building Ideas For Home Owners

As long as America continues to have cities, so long will lots with 40-foot frontage remain more or less common. And therein lies a problem for the average city home builder because stock plans for houses usually call for wider sites.

Thus many prospective builders will be interested in the design presented today by the Home of the Week Plan Service, since it is only 26 feet wide and a 40 foot lot will be adequate. This four-room cottage—it is called "The Grotto"—has a depth of 42 feet and a cubic content of 19,200 feet.

Rooms Can Be Closed Off
An unusual feature of the plan is that service, living and sleeping quarters are so located that each can be segregated from the others. A door shuts off the living room from all other portions of the house. Likewise, the kitchen and dinette can be closed off. And the bedrooms and bath, which at the rear of the house, enjoy complete privacy when the door, connecting this section of the house with the kitchen, is shut. Despite this novel room layout, circulation through the house is not impaired.

Almost any exterior treatment could be used on "The Grotto." The house would look equally well finished in shingles, clapboards, brick or a combination of brick and clapboards.

From the front stoop the visitor enters a roomy vestibule. A large coat closet faces the front door and at the left of the vestibule, there are two door openings. One gives access to the living room, the other to the kitchen.

The living room, 12x20 feet in dimensions, is lighted by windows on three sides. Principal light here comes from a three mullion window in the long outside wall.

The end wall near the entrance from the vestibule is centered by a Colonial fireplace with built-in bookcase at one side, a built-in desk at the other. Two high casement windows above these built-in features give a nice balance to this end of the room. Use of a false beam ceiling in this long room is suggested and, for a library effect, built-in bookcases in the long outside wall could be introduced.

The kitchen, also entered from the front vestibule, is an unusually large room, with floor area of 10.6x14.6 feet. Adjacent to the door from the vestibule is another door shutting off the stairway to the basement. Across the room from this is a service entry door. Back of this door (not shown in floor plan drawing on this page) a broom closet be installed.

The kitchen range is located along the wall between kitchen and living room. Ample wall space remains here for a work table and a built-in ironing board. The sink, flanked by good counter and cupboard facilities, is convenient to the service entry, below a window. Refrigerator stands at the end of the working counter. Kitchen floor, as well as the floor in rear hall and bathroom, is linoleum covered.

Opening directly from the kitchen is a dinette, 10x10 feet in floor size. A double mullion window lights this room and a built-in china closet is a special feature.

Beyond the kitchen a small inside hallway, shut off by a door between, connects the two bedrooms and bath. A large linen closet is located in this hall area.

The two bedrooms have good cross lighting and ventilation and there is a sizable clothes closet in each room. One room is 10x11 feet; the other measures 11x14 feet.

A suggested change that might be made in the illustrated floor plan of this house would be relocation of the basement stairs to parallel the wall between kitchen and living room. This would place the door to the cellar stair conveniently near the service entry of the kitchen. Such a change could add about three feet in length to the dinette. Or the dinette could be left the same size and the additional space gained

JOINT SCHOOL
EXECUTIVE BD.
HOLDS SESSION

The executive board of the Littlestown Joint school system held its April meeting on Tuesday evening in the office of the supervising principal, Paul E. King. Principal King presented his monthly report and revealed that the tuition rates of \$13.87 for elementary pupils and \$19.90 for high school pupils for the 1951-1952 term had been approved for Littlestown by the Department of Public Instruction.

Mr. King listed the following events in his report: The boys' and girls' chapters of the PHA had attended a convention in Pittsburgh on March 21 and 22, accompanied by Mrs. Virginia Shelly and Elmer W. Gall, of the faculty; a representative of the Gettysburg National Guard unit addressed the Junior and Senior high boys at a special assembly on April 3; boys of the shop class accompanied by Charles E. Tressler and Clayton L. Evans of the faculty toured the Chevrolet plant in Baltimore on March 11; the eighth grade pupils taught by Elmer

W. Gall toured the Gettysburg battlefield on March 27, in connection with their study of American history; 23 boys have reported for baseball practice and the season officially opens on April 10 at Frederick high school; softball for the girls is being organized under the direction of Mrs. Kay Crouse Sentz of the faculty and several games will be scheduled this spring. It was announced that the annual band concert and open house will be held at the high school on Friday, April 9. The next meeting of the Parent Teachers' association will be held at the high school on Tuesday, April 15.

The board was advised by Mr. King that forms were received and filed with the Department of Public Instruction for the reimbursement in connection with the driver education course. This is in compliance with Act 498 of the State Legislature.

School Nurse Report

Mr. King also presented the report of school nurse, Brenda B. Walker, which revealed that she had made 28 home calls during the past month; given 128 first aid treatments; had three conferences with parents at school; two pupils had eye examinations and are wearing glasses; three pupils attended the chest clinic at the Warner hospital, Gettysburg, upon recommendation of their family doctor. The first dose of diphtheria-tetanus toxoid was given to the pupils of the first grade, whose parents had signed permis-

sion slips. The toxoid was provided by the Pennsylvania State Department of Health and was given by Dr. Leonard L. Potter, local physician. One case of scarlet fever was reported—the pupil has recovered and has returned to school. There were also several cases of mumps in the primary grades during the month of March but the general health of the pupils is good.

Buehler Presides

The cafeteria report revealed that 7,413 meals were served during the 21 days of operation, with a daily average of 353 meals.

Treasurer George Worley presented the following report: Receipts for March, \$19,655.10; expenditures, for general control, \$45.87; instruction, \$9,285.89; auxiliary agencies, \$815.82; co-ordinate activities, \$296.78; operation of plants, \$1,053.17; maintenance of plants, \$845.70; fixed charges, \$6.08, a total of \$12,349.31 expended during March.

Arthur E. Buehler, president of the executive board, presided for the meeting, and other board members present included Stanley R.

Sell, George Worley, Charles Shildt, Glenn Bowers, Emer E. Furlow, Clayton Harget, Lloyd E. Crouse and Wilbur E. Mackley. Also present were Principal Paul E. King and Secretary Henry E. Waltman.

Mrs. Ritter Speaks

Mrs. Luther W. Ritter, wife of Rotarian Luther Ritter, was the guest speaker at the regular meeting of the Littlestown Rotary club on Tuesday evening at Schottie's hotel. Mrs. Ritter has made two trips abroad during the last few years and she told about her visit through Europe in 1950, including a detailed account of the Passion Play at Oberammergau. She also showed colored slides of scenes from the Passion Play. Other Littlestown persons who witnessed the Passion Play about the same time, unknown

DISMISS MRS. GRIEB

The York county commissioners in unanimous action Monday discharged Mrs. Elizabeth E. Grieb, formerly of Gettysburg, as executive

secretary in the Children's Services of York county. Their action was a carry-over from an earlier controversy involving the now defunct advisory committee to the Children's Services. A motion to reinstate the committee was defeated again Monday. Mrs. Grieb had been executive secretary in the agency since July 9, 1948, at annual salary of \$4,050.

New York, April 9 (AP)—The U. S. circuit court of appeals has denied petitions by condemned atom spies Julius and Ethel Rosenberg for a new hearing on their appeals.

Their counsel, following the appeals court action yesterday, moved to stay the tribunal's mandate so the case could be carried to the U. S. Supreme Court. A hearing on the motion was set for next Monday.

A film on the Jaycees national convention in 1951 at Miami, Fla., was shown by L. Robert Snyder. The newly elected officers are as follows: President, Robert H. Miller; vice president, L. Robert Snyder; secretary, Charles E. Rabenstein; treasurer, Emerson Muller, and directors, Samuel Snyder, Ralph R. Ruggles, Jr., John J. Way, Paul E. Renner and Ray T. Harner. The place of the next meeting will be announced later. The Monday meeting closed with refreshments served to the group. The Ladies' Auxiliary to the Alpha fire company decided to purchase a gas grill for use in the engine house and at the annual fire company carnival at the April meeting on Monday evening at Boyd's store-bom, East King street. The meeting opened with the group singing of "America" followed with the Lord's prayer repeated in unison. The business session was in charge of the president, Mrs. Viola Badders. Reports were given by the secretary, Mrs. Treva Snyder, and the treasurer, Mrs. Dorothy Burgoon. The president appointed the entertainment and refreshment committee for May as follows: Mrs. Evelyn Basehoar, chairman, Mrs. Emily Lahn, Mrs. Carmen Slick and Mrs.

Mary Dillman. The meeting will be on Monday, May 5, at 8 p.m. at Boyd's store-bom. The guest package was contributed by Mrs. Annabelle Ohler and was received by Mrs. Treva Snyder. The meeting closed with a hat social, Easter egg hunt and refreshments in charge of the April committee consisting of Mrs. Catherine Pickinger, chairman, Mrs. Treva Snyder, Mrs. Odetta Strevig and Mrs. Ruth Crouse. Marvin F. Breighner, chairman of the contest committee for the fifth annual amateur show to be presented under the sponsorship of the Littlestown Lions club on Thursday, April 17, at 8 p.m. in the local high school auditorium, has announced that a limited number of contestants may still register for the show. IN THE COURT OF COMMON PLEAS OF ADAMS COUNTY, PENNSYLVANIA.
To all persons having any present or expectant interest in the real estate of Fairfield, Mennonite Church, Fairfield, Adams County, Pennsylvania.

You hereby are given notice that the Trustees of Fairfield Mennonite Church, Fairfield, Adams County, Pennsylvania, have filed their petition in the Court of Common Pleas of Adams County, Pennsylvania, reciting that at a meeting of the congregation of said Church held December 9, 1951, a resolution was unanimously adopted to the effect that the church building and the parsonage are in need of repairs and that the church building should be reconstructed and enlarged and authorizing said trustees to borrow not to exceed \$25,000.00 for such purposes and to make, execute and deliver a mortgage bond and mortgage to said Court to authorize the making, execution and delivery of said bond and mortgage; reciting further that said repairs and said enlargement and reconstruction of said church building and the borrowing of said money and the mortgaging of the real estate of said congregation to secure the repayment of said loan and to the best interests of said church and the members thereof, and averring that a decree authorizing the same may be made without prejudice to any trust, charity or purpose for which the real estate shall be held and without the violation of any law which may confer an immunity or exemption from sale or alienation. In said petition is set forth a description of the real estate to be mortgaged, said real estate being the lots on which said church building and said parsonage stand.

Pursuant to said petition, the said Court of Common Pleas on March 22, 1952, awarded a citation on all persons in being who shall not have appeared and who shall have any present or expectant interest in the premises described in said petition, warning them to appear on the 21st day of April, 1952, at 10:00 o'clock, A.M., and that they shall be heard on said date, and directing that said citation be served on the congregation and members of said church as provided by Pa. R.C.P. No. 2157 and upon all other persons in interest by this advertisement.

Unless you appear on said date and show cause why authority to mortgage said premises as prayed for should not be granted, you may be forever barred from opposing the making, execution and delivery of the bond and mortgage as prayed for.
